

# HOW MUCH WOULD YOU PAY?

Budget educational travel companies are quick to brag about offering the lowest prices in the industry. With ACIS it's true that you will pay, on average, \$50-\$100 per day more for your trip. We are firm believers in **delivering exceptional educational journeys**. With that in mind, we'd like you to think about how much more you'd be willing to pay for these features which are included on every ACIS program.

## CENTRAL HOTELS

Staying near the sights you came to see means that each day doesn't start with an hour long commute into the city. And, you won't have to cut your evening short to schlep back to your budget hotel, often in the middle of nowhere.

## MORE ON-TRIP INCLUSIONS

This one is easy. We include more up front so that you reach for your wallet less during the trip. We don't want your students to have to decide if they have enough spending money to visit a must-see sight. That's why they're called "must-see's"!

## A-RATED CUSTOMER SERVICE

Each year, our post-trip evaluations and third-party reviews show satisfaction levels over 95%. We get there with a culture of care, "start with yes" attitude and partnership with our group leaders that the big box companies can't (or won't) match.

## A SERVICE GUARANTEE OFFERING PEACE OF MIND

You put your reputation on the line when leading a tour, so why shouldn't we? Any group leader who doesn't rate his/her trip as good or excellent upon return receives a free spot on a Global Conference in London plus a \$1,000 scholarship for a future tour. That's putting our money where our mouth is.

Making things right after the fact is nice; fixing them on the fly is even better. Our Red Card system alerts us in real-time if you're dissatisfied with a hotel, meal or tour manager and allows us to make amends for you and your students before it can spoil your trip.
